

Hartismere School

Accessibility Plan (Policy) No. 8

Aims

Hartismere School is required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which pupils with disabilities can participate in the curriculum
- Improve the physical environment of the school to enable students with disabilities to take better advantage of education, benefits, facilities and services provided.
- Improve the availability of accessible information to students with disabilities
- The school's aim is to treat all its students fairly and with respect. This involves providing access and opportunities for all students without discrimination of any kind
- The school's key objectives are to reduce and eliminate barriers for access to the curriculum and to ensure full participation in the school community for students and prospective students, with a disability.

Principles

- Compliance with the Disability Discrimination Act (DDA), the school's Equality Information and Objectives Statement and the operation of the school's SEND policy
- The school recognise their duty under the DDA
- Not to discriminate against disabled students in their admissions and exclusions, and provision of education and associated services.
- Not to treat disabled students less favourably
- To take reasonable steps to avoid putting disabled students at a substantial disadvantage
- To publish an Accessibility Action Plan
- In performing their duties, Governors and staff will have regard to the Disability Rights Commission Code of Practice (2002);
- The school recognises and values parents' knowledge of the student's disability and its effect on his/her ability to carry out normal activities, and respects the parents' and student's right to confidentiality;
- The school will provide all students with a broad and balanced curriculum, differentiated and adjusted to meet the needs of individual students and their preferred learning styles; and endorses the key principles in the National Curriculum framework, which underpin the development of a more inclusive curriculum:
 - Setting suitable learning challenges.
 - Responding to students' diverse learning needs
 - Overcoming potential barriers to learning and assessment for individuals and groups of students.

The plan will be made available online on the school website , and paper copies are available on request
The school is committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.
The school supports any available partnerships to develop and implement the plan
The school complaints procedures covers the accessibility plan
If you have any concerns relating to the accessibility in the school, the complaints procedure sets out the process for raising concerns.

Legislation and Guidance

This document meets the requirements of schedule 10 of the Equality Act 2010 <https://www.legislation.gov.uk/ukpga/2010/15/schedule/10> and the Department for Education (DfE) https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/315587/Equality_Act_Advice_Final.pdf guidance for schools on the Equality Act 2010

The Equality Act 2010 defines an individual as disabled if they have a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on their ability to undertake normal day to day activities

Under the Special Educational Needs and Disability (SEND) Code of Practice https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/398815/SEND_Code_of_Practice_January_2015.pdf, 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments, such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer. Schools are required to make 'reasonable adjustments' for students with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a student with disabilities faces in comparison with a student without disabilities. This can include for example, the provision of an auxiliary aid or adjustments to premises.
This policy complies with the Hartismere Family of School's funding agreement and articles of association.

Monitoring Arrangements

These documents will be reviewed every 3 years, but may be reviewed and updated more frequently if necessary

Links with Other Policies

The accessibility action plan is linked to the following school policies and documents:

- Health & Safety Policy
- Equality Information and Objectives Statement
- Special Educational Needs (SEN) information report
- SEND Policy

Accessibility Action Plan 2024 - 2025

Sept 2024	Access to the Curriculum	Progress to Date
